**Agenda Additions & Changes:**

None

**Public Comment:**

Steven and Linda Gooden, 9785 Clark Road, were present to voice their concerns over their neighbor at 9782 Clark Road and the hair salon business that is housed in the residence. Their concerns stemmed mostly from the traffic and light disturbances, as well as dust and water pollution. Mrs. Gooden stated that hair salons are among the top pollutants for ground water.

**Consent Agenda:**

- \* **Trustee Hopper moved to adopt the Consent Agenda as presented. Trustee Cooper supported the motion. Vote on the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau and Walls; No: none; Absent: Vallad. The motion carried by a 6 to 0 vote.**

**Old Business:**

1. Demolition Bid Review – 10700 Clark Road

The Building official dealt with the property owner in reference to a violation of the dangerous building ordinance late last spring. A hearing was held before the dangerous building hearing officers and three of the four buildings at 10700 Clark Road have been deemed dangerous. The structures were ordered demolished within a specific timeframe

if not repaired. They were not. There were two meetings before the Township Board and the Board upheld the decision of the hearing officer. Because of the complicated nature of ownership of the property, the Township filed action in the circuit court to insure that all the proper notices were sent and the process went through the court system before we ordered demolition. Of the eleven property owners, three did not accept service of the notice. The judge will determine the process required for further notification. Requests for demolition bids were sent to six contractors; four bids were received. Supervisor Walls summarized bids received and recommendation is to award bid to Greg Prose Excavating.

Question/Comment: none

- \* **Clerk Moreau moved that Greg Prose Excavating be awarded the contract for the house and clean-up of the barns at 10700 Clark Road in accordance with our bid request and his bid. Notice to proceed to be issued after court approval is given. Trustee Hensler supported the motion.**  
**Vote on the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau and Walls; No: none; Absent: Vallad. The motion carried by a 6 to 0 vote.**

**New Business:**

1. Mill Pond Dam Inspection and Repair – Project administration and budget approval

Supervisor Walls informed the Board that a late 2015 inspection of the culvert under Davisburg Road, which makes up part of the dam, revealed that the control mechanism was not working. Following a meeting with Oakland County Parks and Oakland County Water Resources it was determined the repair could be as simple as having a dive team remove the timber that is blocking the mechanism, or as complicated and expensive as total replacement (cost close to \$40,000). Oakland County owns the dam but the Township has an agreement with the county to share maintenance responsibility. The agreement allows for the Township to administer projects and that is recommended in this case.

- \* **Clerk Moreau moved to authorize the Supervisor to administer the inspection, cleaning and repair (if minor), or repair engineering, in accordance with sections 3.5 and 3.6 of our Mill Pond Dam inter-local agreement with Oakland County, and further to establish a budget not to exceed \$10,000 for the project. Trustee Hopper supported the motion.**

**Vote on the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau and Walls; No: none; Absent: Vallad. The motion carried by a 6 to 0 vote.**

2. Habitat Restoration Contract Approval

Supervisor Walls informed the Board that Mike Losey, Resource Manager, has requested approval to hire a contractor to remove woody vegetation from an estimated 15-20 acres in the woodland upland area of River Run Preserve. After receiving numerous bids, Mr. Losey recommends hiring Ruffed Grouse Society. The Board packet contained photos of the area recommended for spot treatments, however not all of the areas indicated areas will be altered at this time.

**\*Trustee Hopper moved to authorize Supervisor Walls and Mike Losey to draft a contract for services between the Ruffed Grouse Society and Springfield Township for an amount not to exceed \$5000 on woody vegetation management on township park land as per his February 4, 2016 memo. Trustee Hensler supported the motion.**

**Vote on the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau and Walls; No: none; Absent: Vallad. The motion carried by a 6 to 0 vote.**

3. Proposed amendment to the Master Plan – New goals and strategies relating to mineral, sand and gravel extraction

Supervisor Walls explained that the Planning Commission looked at some proposed language to amend the master plan. These changes are presented to the Springfield Township Board which then authorizes the dispersal of it and opens the process for comments from utilities and neighboring community comments and finally a Public Hearing.

Last June, the Planning Commission conducted a public hearing on the proposed changes to the zoning provisions of our Code of Ordinances dealing with mining and mineral extraction. In a meeting held with Supervisor Walls, Planning Consultant Doug Lewan, and township attorney Greg Need, public comments heard at the public meeting were discussed and the amendments to the master plan were drafted. These proposed amendments have not gone to public hearing yet and we are in the beginning of the process.

**\* Supervisor Walls moved to authorize the distribution to adjacent communities, utilities, transportation agencies and others, of the proposed Master Plan Amendment. That distribution is to include the**

**information that the Public Hearing will be held at 7:30pm on April 19, 2016. Trustee Hopper supported the motion.**

**Question/Comment:**

Richard Zanotti, Property Engineer from the Edward C. Leddy Company, expressed concern about the modifications to the master plan and not being notified in time to review the changes and prepare comments/concerns. The proposed amendments indicate it is not known where the minerals are located within Springfield Township but Mr. Zanotti believes that information is available and should be included in the Master Plan. Mr. Zanotti asked to be on a notification list for anything that concerns modification to the master plan.

Supervisor Walls clarified that there is time for input to be made to the amendments, as Public Hearing is to be held on April 19, 2016.

Clerk Moreau clarified that the motion to authorize distribution of the master Plan amendments starts a 42 day comment period, so there is plenty of time for review.

**Vote on the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau and Walls; No: none; Absent: Vallad. The motion carried by a 6 to 0 vote.**

4. First Reading – Amendments to Section 40-455(8) M-1 and Section 40-485(6) M-2

Supervisor Walls commented that historically mining was deemed Industrial in the Zoning Ordinances. The township adopted an extractive zoning provision and mining operations were then zoned for Extractive District, with the goal then to move the mining away from Industrial District; however provisions for mining were left in the Industrial section of the Zoning Ordinances and serve no useful purpose.

- \* **Clerk Moreau moved to authorize the clerk to publish for second reading the proposed amendments to Code of Ordinances section 40-455 M-1 Light Industrial District and Section 40-485 M-2 Heavy Industrial District as presented. Trustee Cooper supported the motion.**

**Vote on the motion. Yes: Dubre, Hensler, Hopper, Moreau and Walls; No: Cooper; absent: Vallad. The motion carried by a 6 to 0 vote.**

5. First Reading – Deviations from approved PUD, amendments to Code of Ordinance Section 40-521

Trustee Hopper explained that the PUD Committee is made up of Trustee Hopper and Dean Baker, Chairman of the Planning Commission. The Committee has the authority to authorize minor changes to an approved PUD. However it recently came to light that the committee did not have ability to approve changes to a PUD to reflect changes in the zoning ordinance that were adopted after approval of the PUD. This proposed amendment would give that ability to the PUD Committee.

- \* **Supervisor Walls moved authorize the clerk to publish for a second Reading. Trustee Hopper supported the motion.**

**Vote on the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau and Walls; No: none; Absent: Vallad. The motion carried by a 6 to 0 vote.**

6. Server Upgrades – Township, Fire Departments and Parks

Supervisor Walls explained that the Township has a server that has reached its maximum capacity. Currently the Fire Department, the Parks Department both have servers that are running outdated 2003 software. The proposal is to update the Township's server, repurposing the existing Township server for the Parks use, update the Fire Department's server and set-up a Virtual Private Network (VPN) for Fire Department communication with Oakland County and between Fire Station 1 and 2.

Chris Benedict has submitted a "worst case" budget proposal, as the exact budget cannot be determined until the work has initiated, when it is determined if a contractor or consultant is required.

Trustee Hopper clarified that the Township's server would be reused for Parks.

Treasurer Dubre commented that this is a greatly needed update, especially the VPN.

Supervisor Walls asked how much of the Fire Department's data is being kept with Oakland County.

Fire Chief Feichtner replied that there is some historical data kept on hard drives in the station, but all other data is kept with the County.

- \* **Clerk Moreau moved to approve the replacement of the Township's server at a cost not to exceed \$11,000 including equipment and labor paid for from the General Fund; General Services cost center and to approve the transfer of the current server to Parks and Recreation. Further, to approve replacement of the Fire Department server and the implementation of a Virtual Private Network at a cost not to exceed \$7,600 including equipment and labor paid for from the Fire Fund; General Expense cost center. Treasurer Dubre supported the motion.**

Trustee Hopper asked about the timing of this project.

Chris Benedict replied that with ordering parts and contractor scheduling that it should be about a month and that the server installation and VPN set-up will be set up in the same timeframe.

**Vote on the motion. Yes: Cooper, Dubre, Hensler, Hopper, Moreau and Walls; No: Vallad; Absent: none. The motion carried by a 6 to 0 vote.**

7. **Clarkston Schools 2016 Summer Collection Agreement**

Treasurer Dubre explained that an agreement is entered with all of the school districts within Springfield Township. The agreement covers the manner in which tax money is collected and dispersed, what the charge is to the district and when the tax rates are sent to the township. That deadline needs to be June 1<sup>st</sup> in order to meet the July 1<sup>st</sup> tax statement deadline. The Clarkston School District has missed this deadline and certified on June 22, 2015 and June 23, 2014. Since this item was placed on the Board agenda, Clarkston schools has verbally agreed to comply with the June 1 date.

8. **Set Special Meeting date for millage discussion**

The special meeting date was set for March 17, 2016 at 4:30 pm to discuss millage for fire and police.

**Public Comment:**

Supervisor Walls commented that the CISMA grant has been approved that will generate \$8,000 for Invasive Species Treatment in Springfield Township.

Supervisor Walls will be issuing a report summarizing the events that have transpired in reference to the comments made by the Goodens, including the information that came from the Township attorney.

Linda Gooden, 9785 Clark Road, reiterated her concern over the water quality detriment that the home hair salon is causing to the ground water. She suggested creating a Water Quality Board within the township or publications that would educate the public about water quality.

Supervisor Walls replied that revising the Home Occupation provisions is in process. Clerk Moreau commented that the Planning Commission will discuss the amendments at their next meeting.

**Adjournment:**

Hearing no other business, Supervisor Walls adjourned the meeting at 8:35pm.

## RESOLUTION

2016-1

**RESOLUTION FOR MDOT PERMIT APPLICATION  
TO AFFIRM THAT THE GENERAL PUBLIC WILL BE SERVED BY INSTALLING  
A TOWNSHIP ENTRANCE SIGN AND STREETScape IMPROVEMENTS AT DIXIE & I-75**

**WHEREAS**, the intersection of Dixie Highway and I-75 is the beginning of Springfield Township's main commercial corridor and is recognized as the gateway into the township ; and

**WHEREAS**, it is a priority of the Springfield Township Board to create a welcoming gateway into the community through streetscape improvements that enhance the safety and visual appearance of the Dixie Corridor; and

**WHEREAS**, the Springfield Township Board has conceptually approved a plan to install a new entrance sign, landscape and hardscape features on the northeast side of Dixie Highway just north of I-75 within the MDOT road right-of-way.

**NOW, THEREFORE, BE IT RESOLVED:** That the Township Board of Springfield Charter Township affirms that our residents, businesses and the general public will be served by placing a new entrance sign and streetscape improvements at the gateway to our community.

**BE IT FURTHER RESOLVED:** That we hereby agree to maintain the sign, decorative fence and landscape materials as submitted for permit approval.

Upon a call of the roll, the vote:

**Yes:** COOPER, DUBRE, HENSLER, HOPPER, MOREAU and WALLS

**No:** None

**Absent:** VALLAD

### RESOLUTION DECLARED ADOPTED
