

Tree Donation Form

Springfield Township Park Department has four parks covering over 646 acres of land. You can help support our parks by purchasing a tree, with a commemorative or recognition plaque. Your donation can make a difference and provide a lasting benefit for future generations.

The donation may be a tax deductible contribution (consult a tax advisor for information). Individuals may recommend a specific location for placement of the tree, however the final placement will be determined by the parks staff. All trees are guaranteed for one year from the day of planting. If the tree fails to thrive, it will be replaced free of charge.

Tree Donation

You can choose the type of tree you wish to dedicate. Shade trees (\$500) include maple, ash, basswood and oak. Ornamental trees (\$250- \$350) are smaller trees that usually have delightful flowers or fruit and include crabapple, and redbud. Ornamental trees come in 8'-10' and 6'-8' sizes, Although you can donate a tree at any time of the year, trees are actually planted in the spring (April 1-June 20) and in the fall (October 1-December 20) .

Plaque Guidelines

Plaque messages are limited to 24 characters (the charge for each additional letter is 50 cents). Sample messages are "In loving memory of John Smith", "In honor of John and Jane on their 50th anniversary". All messages are subject to Springfield Township Parks and Recreation Department approval. The plaques will accompany the donated tree. The price of the donations includes costs associated with installation of the tree and the Plaque.

Donor Application

Donors Name: _____

Address: _____

City: _____ Zip: _____

Telephone: _____

Please check your donation:

Tree: Shade \$500

8'-10' Ornamental \$350
