

HURON RIVER WATERSHED COUNCIL

Springfield Township Representative

HRWC is a council of the local governmental units that have jurisdiction over property in the Huron River watershed. HRWC provides water resource information and research services to member governments. This information includes: water quality issues, land use, groundwater, hydrology, lake management, wetland protection, stormwater management and other related topics.

Springfield Township is seeking a volunteer to serve as the community's representative on HRWC's Board of Directors. The board meets quarterly in January, April, July, and October usually the 3rd or 4th Thursday of the month at 5:30pm in Ann Arbor. There are additional committees and activities that board members are encouraged to join if interested. The board consists of professional planners and engineers, scientists, interested individuals, and municipal staff or elected officials. Experience with financial oversight and fundraising are highly desirable. Most important is an interest in HRWC and its mission with an eye toward non-profit management.

If interested, please contact the Springfield Township Supervisor's Office:
